PROFESSIONAL SUMMARY

MCA student with hands-on academic project experience in Java, Python and PHP-based web development, including a multi-role vehicle breakdown assistance platform covering user, garage and administrator workflows. Strong grounding in object-oriented programming, front-end development (HTML, CSS, JavaScript), MySQL databases and local server deployment with XAMPP. Seeking an entry-level software development, web development or internship role where I can contribute working code, learn from experienced engineers and grow into a dependable technology professional.

EDUCATION

Master of Computer Applications (MCA) **Currently Pursuing**
Poorna Prajna Institute of Management, Udupi, Karnataka
CGPA: 8.79 / 10

Bachelor of Computer Applications (BCA) **2022 – 2025**
Dr. G. Shankar Govt. Women's First Grade College, Ajjarkadu, Udupi, Karnataka
CGPA: 8.69 / 10

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript

Web Technologies: HTML, CSS, PHP

Database: MySQL

Tools: XAMPP (Apache, MySQL, PHP), Windows

Core Concepts: Object-Oriented Programming, Database-Backed Web Applications, Client–Server Communication, Networking Fundamentals

ACADEMIC PROJECTS

Vehicle Breakdown Management System *Academic Project*
Technologies: PHP, HTML, CSS, MySQL, XAMPP (Apache)

- Developed a web-based system that helps users find assistance when their vehicle breaks down.
- Designed the platform to connect stranded users with nearby garages and breakdown services.
- Built separate user, garage and administrator modules, each with its own screens and access level.
- Tested the application locally on the XAMPP stack (Apache, PHP, MySQL).

Algorithm for Transferring Packets on a Network *Academic Project*

- Implemented an algorithm for transferring data packets between devices over a network.
- Traced the path of a packet from source to destination and examined how the algorithm governs transmission.
- Analysed how the transfer logic supports reliable network communication and data movement.

ADDITIONAL INFORMATION

Languages: English, Hindi, Kannada

Strengths: Problem solving, quick learning, teamwork, attention to detail

Career Interest: Software Development, Web Development

Availability: Full-time roles and internships
